Office Printer Solutions

Global award winning Multifunction devices, Photocopiers, Scanners and Office printers.

Our printers won 2019 Line of the year at the BLI International awards*, incorporating Ease of use and Reliability awards making Sharp best in class.

Sharp multifunction devices (MFDs) are designed to make device setup fast and easy. These are not your typical all-in-one copier, printing, faxing and scanning devices.

Our software not only automatically monitors your printing to improve efficiency but also detects potential cost savings.

Sharp MFDs are easier to operate, control, monitor, manage and maintain, helping take your business to the next level of productivity and performance.

Digital Screen Solutions

When you have a message to share with the world – you can trust Sharp Professional LCD displays to bring it to life.

Sharp's commercial displays are specially engineered for business applications and are offered in a wide range of sizes and capabilities, from high impact displays for digital signage, to interactive display systems. Sharp commercial displays enable you to collaborate and communicate information brilliantly.

Interactive Whiteboard Monitors

Sharp EIT's interactive whiteboards are designed to bring that wow factor to any business. Our range of interactive whiteboards offer a more engaging solution for the office boardroom, classroom, hotel reception or retail.

Digital Signage & Video Wall Solutions

Do you need better video conferencing experience? Digital signage? Large format displays for hospitality or stadiums? You will find all that and more with the Sharp's line-up of commercial LCD displays.
